THE BRYAN COLLEGE DIFFERENCE

Long-Standing History of Excellence – We have a 77-year proven track record of preparing graduates for successful careers since 1940.

Focus on Employment, Not Just a Diploma – You'll graduate with a diploma targeted for a growing job market and earn skills that match employers' needs. Work with the Career Services Department to build a job network, sharpen your interview skills, and create an eye-catching resume.

Accelerated Programs – At Bryan College, we've developed a unique approach to education that allows you to complete your program in the shortest amount of time possible, while still providing the top-notch curriculum, faculty, and support to ensure your success.

Get the Credit You Deserve – If you apply to Bryan College with prior college credits, a degree, and/or professional certifications, we'll accept as many credits as possible to validate the hard work you've already completed.

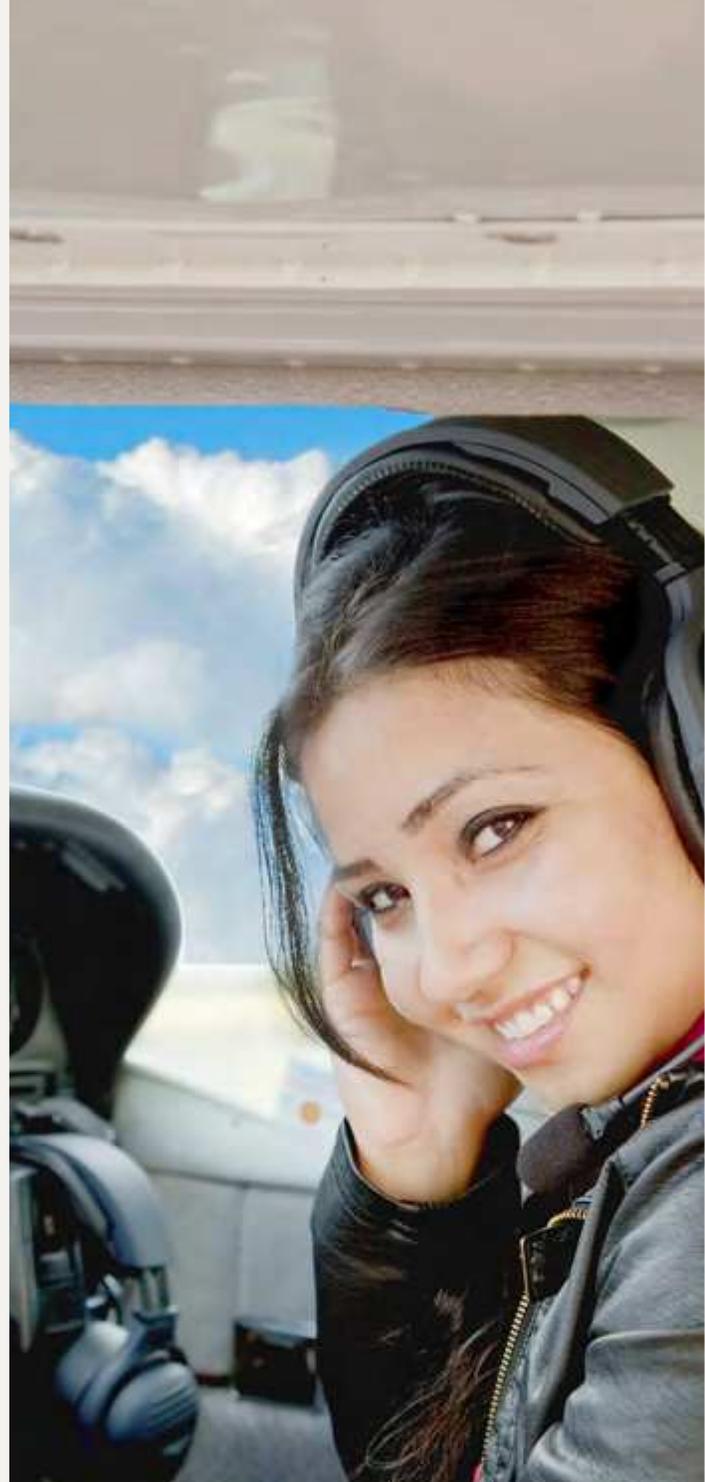

Learn by Doing, Not Just Lectures – You'll develop skills and competencies using some of the most innovative, state-of-the-art learning curriculum, tools, and resources available.

Learn From Experts, Not Just Books – Each faculty member has been carefully selected to ensure they have extensive industry experience. They provide caring, individualized support and mentoring.

Connect With Others – You'll learn collaboratively with faculty and peers to build a network of colleagues—for life.

Return for Refresher Classes – As a Bryan graduate, you'll have the privilege of returning and auditing previously completed academic courses still being taught—at no charge—to keep your skills and confidence sharp.

Affordable – A member of our student finance team will help you put together a financial plan that works for you.

**Books for academic
courses included in
program tuition!**

A PROFESSIONAL PILOT CAREER OFFERS...

Job Security

The demand for well-qualified pilots continues to expand. According to the Boeing Company, "Airlines across the globe are expanding their fleets and flight schedules to satisfy demand generated by global economic expansion." Over the next 20 years, they project the world's airlines will need an additional 637,000 trained pilots.¹

Fulfillment

Imagine spending each day amongst the clouds, surrounded by dazzling vistas while traveling above some of the most beautiful landscapes.

As a licensed pilot, you'll not only enjoy your job, but you'll also gain the prestige, respect and admiration that pilots naturally attract.

Career Opportunities as a Bryan College Graduate

- Commercial Airline Pilot
- Regional Airline Pilot
- Charter Pilot
- Cargo/Freight Pilot
- Military & Armed Forces Pilot
- Flight Instructor
- Bush Pilot

**Preparing now means
you'll be ready for the
jobs of the future.**

Flight Training Provided by Our FAA-Approved Partner: California Flight Academy (CFA)

Bryan College offers accredited courses combined with flight training provided by CFA. All flight training at CFA counts as college credit towards your Bryan College associate degree program. Other benefits include:

- All CFA training and Bryan College courses offered at the same location
- Earn your FAA Private Pilot License, Instrument Rating, and Commercial Multi-Engine Rating concurrently with your associate degree
- Option to complete your Certified Flight Instructor (CFI) credential
- Train in San Diego, with 320+ days of sunshine
- Choose from several aircraft, all maintained at or above FAA standards

Valuable Skills Airlines Need

Your Bryan College courses will provide you specialized knowledge including how to:

- Handle aircraft performance in diverse environments
- Use modern technology in the cockpit
- Communicate effectively in controlled and uncontrolled airspace
- Understand weather patterns in flight planning and decision making
- Describe physics and aerodynamics of flight
- Operate aircraft systems
- Learn jet propulsion systems
- Prepare for airline employment, including job interview preparation

637,000 –

Projected worldwide
pilot job openings over
the next 20 years.¹
